

Helping your team to maintain balance and control in a fast-moving world

Flying Change

“We ended the day with a better understanding of how to best use our individual strengths for the benefit of the overall team” HR Manager

FIVE good reasons to bring your team to *Flying Change*:

1. Outstanding communication workshop with behavioural profiling and team profile
2. Stable visit: understand how we communicate with the horses *who are part of our team.*
3. Work on a real project on our estate
4. Support a Bristol charity
5. Combine CSR and Training needs in one!

Find out more:

To discuss your requirements and arrange a bespoke training experience for your team, please email fundraising@avonridingcentre.org.uk

“I came away feeling motivated and uplifted!”

“A brilliant, thought-provoking day!”

Team members from GP Care UK Ltd

Team-Building and Training at Avon Riding Centre for the Disabled, Bristol.
Registered Charity 281648

Our Programme:

Bespoke experiences could include:

- Team workshop
- Personal profiles for each participant
- Team profile for discussion
- Meet the horses
- Outdoor team-building experiences
- Complete a gardening/maintenance project as a team.
- Lunch & refreshments

Trust and Communication are the most important ingredients for a high-performing team.

Our location within the Riding Centre gives us a unique ability to offer a team experience that will help your people to communicate more effectively and develop high levels of trust.

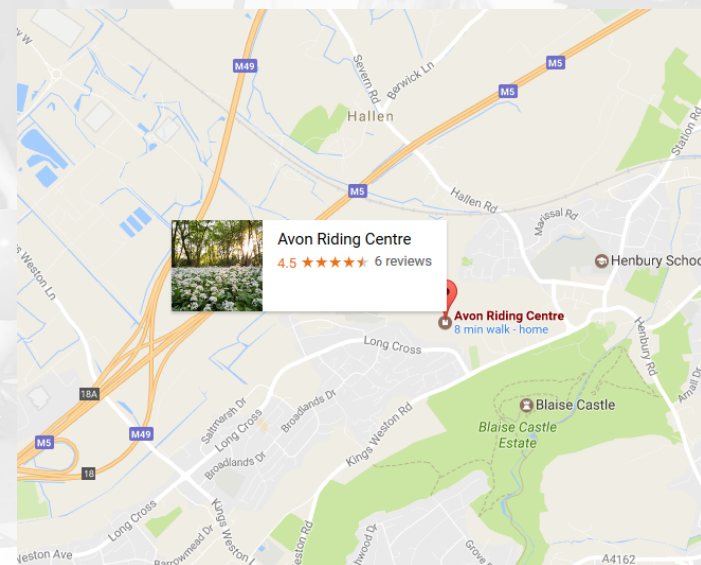

Learn how communicating with horses could improve communication within your team.

Put those skills into practice with a real life outdoor project.

Our team consultant has 25 years experience working with blue chip companies, volunteers regularly at the Centre and knows our horses well.

Where we are:

Minutes from the motorway, with ample secure parking, in 100 acres of natural wood and pasture-land, on the edge of Bristol.
